CITY GOVERNMENT.

ORGANIZATION OF CITY GOVERNMENT.

Keene, Tuesday, January 6, 1914.

The members of the city government for the municipal year of 1914, having met for organization, agreeably to the provisions of the city charter, the convention was called to order by His Honor Mayor Shedd, at ten o'clock in the forenoon, after which he announced that Herbert E. Fay, having been officially notified of his election to the office of mayor for the current municipal term, was present for the purpose of taking the oath of office. The oath of office by law prescribed was administered to the mayor-elect, Herbert E. Fay, by His Honor Charles G. Shedd, who then introduced him to the aldermen and councilmen and to the citizens who were present.

After roll-call by the clerk, His Honor Mayor Fay administered the oath of office to the following named members of the boards of aldermen and councilmen, to wit:

BOARD OF ALDERMEN.

Ward 1.—Walter R. Kirk.
Ward 2.—Alfred E. Barnard
Ward 3.—Wells R. Sargent.
Ward 4.—Byron E. Robertson.
Ward 5.—Robert J. Patten.

BOARD OF COMMON COUNCIL.

Ward 1.—Luther B. Randall.
John M. Duffy.
Leon A. Whipple.

Ward 2.—William H. Ryder.
Alden K. Wood.
George W. Sargent.

Ward 3.—Frank L. Safford.
Harry E. Gale.
Harry B. Muehmore.

Ward 4.—Wilder F. Gates.
Harrie E. McGregor.
Karl R. Beedle.

Ward 5.—James F. Lanigan.*
Patrick H. Conley.†
John H. Hickey.*
William E. Sweeney.†
John L. Harding.

Prayer was then offered by the Rev. Rodney W. Roundy, as follows:

PRAYER OF RODNEY W. ROUNDY.

Almighty God, our living and loving Heavenly Father, our Father and the Father of all mankind—the people bless Thee. O God, all the people bless Thee.

We thank Thee for the realization of Thy nearness unto us; Thou art with us, in all the worthy thoughts of our minds and true deeds of our hands. Thou art with us, to bless or to constrain, to help or to hinder from the beginnings of our days, even unto the end thereof. Even when men boast themselves of having no need of Thee, Thou dost rule and over-rule in Thy wisdom, Thy justice, Thy love.

We thank Thee for this place of our abode, and that our lines have fallen unto us in such pleasant places. We thank

*Moved to Massachusetts. †Elected Sept. 1, 1914.

Thee for this Keene valley, its encircling hills and stretched-out lands, its fertile fields and its green trees, its gurgling brooks, its singing birds and lowing herds. We thank Thee for the splendor of the sunrise, the glory of the noonday, and the magnificence of the reddening west in the twilight hours. We thank Thee for the clear skies of summer, and mantling snows of winter. For the beauty of the Lord our God upon us we bless Thy good name.

Amid such surroundings we recognize Thy hand, Thy ways as the ways of pleasantness, and Thy paths as the paths of peace unto us.

We thank Thee that here, amid such surroundings, men may go to their daily work and their mingling duties. We bless Thee for the security and happiness of our homes; for their freedom from temptation and fear, and that Thou hast ordained amongst us to keep pure and undefiled the sources of good in our households and families. We thank Thee for the defenses against evils that might assail the lives of the little children of our community, and for the opportunities of education and true growth that are open to our youth.

On this day we realize that our fathers have builded well in this noble city. They have given unto us as a worthy heritage in laws and customs, traditions and history which we are to maintain in our time. For their toil and their sacrifice that better ideals of life might obtain, we bless Thy good name. We are here to enter into their labors. For the responsibility of faithfully performing such duties as are placed upon us, bring unto us the wisdom that we need in our generation, and on this day, as with true purpose we enter upon the tasks of the year.

We recognize Thy hand in the administration of this city's affairs now closing, and we look to Thee for Thy benediction and blessing upon him who takes upon himself the duties of office at this time. Give unto him the clear head, the true heart and strong hand at all times. Preserve him from all dangers. Guide his footsteps from day to day. Give him such

wisdom that his judgments may be rightly made, such sense of justice that his decisions may take dictation, as it were, from Thee; such zeal for righteousness that his acts may have in them the force of truth and strength.

Grant unto his councillors Thy good spirit of direction at all times. May harmony and co-operation prevail, so far as is good, in the councils of this building. May this be a good year for this city. May all these men be directed in bringing to pass such things as shall make for the health and prosperity, the welfare and progress of this city.

Grant unto all the people the sense of Thy daily presence, the forgiveness of our sins, the divine strength that we all need, and the power to play the man both now and forever.

In Thy name we humbly pray. Amen.

After the prayer Mayor Fay delivered his inaugural address. After the prayer and inaugural address Frank H. Whitcomb was elected clerk and Albert W. Green city messenger, and the councils then adjourned until 7.30 o'clock.

At 7.30 o'clock in the evening the common council organized by the choice of William H. Ryder as president and Herbert O. Wardwell clerk.

THE MAYOR'S ADDRESS.

Gentlemen of the City Councils:

Following the custom of my predecessors in office, I wish at this time to present to you a brief review of what has been accomplished during the past year for the benefit and beauty of our city and the comfort and convenience of our citizens; also some suggestions and recommendations for the present year.

In the early part of the year just closed the city councils made a special appropriation of $1,500 for the care and preservation of our shade trees, to be expended under the direction of the joint standing committee on streets, and so far as I may judge the work was commended and approved by the almost universal opinion of our citizens, and, recognizing the importance of our shade trees in making the streets of our city attractive and beautiful, I recommend this work of care and preservation be continued to a reasonable extent during the coming year.

In February the city purchased from Mrs. Mary Elliot for $8000 a piece of land in the rear of city hall upon which brick buildings have been erected for the use of the highway, water works and fire departments, at an expense of $9,000; and when finished, I trust they may well meet the needs of these important departments which for some years have been neglected for the reason that no suitable place could be agreed upon to place the necessary buildings. This change will permit of the keeping of the relief truck at the new buildings so that, if the

recommendation made by the chief engineer in his annual report be adopted regarding the purchase of an automobile fire truck, the new piece of apparatus may be kept at the fire station.

During the last two years and particularly within the past twelve months, the industrial development of Keene has been perceptible and gratifying. As a result of the activity of the Commercial club, new enterprises have been brought here and the resultant increase in local payrolls is bound to have a material bearing on the prosperity of our city. The Commercial club is an organization of representative business men and well wishers of Keene, who formed the association for the purpose of promoting the industrial development of the city. Later the Development company was incorporated in order to provide sites for new concerns coming to the city and to render financial assistance in the building of industrial plants. All honor to the public spirited individuals who have put their shoulder to the wheel and assumed financial burdens to help make a bigger and better city. Apart from industries actually established during the past year, two more are expected to begin operations this month, and with negotiations pending for others the outlook for the industrial growth of our city is most encouraging, notwithstanding the changes that may be made at the Boston & Maine railroad shops.

At this time I wish briefly to review with you the financial condition of our city and some important facts connected therewith:

During the year just passed the assessed valuation of the city has been increased $945,999.00, making our present total valuation $10,106,925.00, and the amount raised by taxation at $1.75 per hundred (our present rate) has been for the year 1913, $176,871.18.

Referring to the recapitulation of receipts and expenditures as published in the city report for 1913, we find the total of receipts to be $349,434.09 and expenditures to be $356,602.10, showing an overdraft on our city treasury of $7,168.01. The

same report shows the liabilities of the city Dec. 1, 1913, to be $50,901.00 and the assets to be $31,485.30, with a balance of liabilities over assets of $19,415.70.

Among the assets are uncollected claims and taxes assessed previous to 1913, amounting to $2,168.27, 50% of which will no doubt have to be abated, which estimate would reduce our assets $1,084.13, thereby making liabilities exceed our assets by $20,499.80. Of the bonded debt of the city $23,000 was paid last year, $20,000 of this amount being water bonds and $3000 paving bonds, loan of 1910. During the year $15,000 new bonds were issued to pay for the land and new buildings in the rear of city hall and are known as "land and improvement bonds, loan of 1913;" and $15,000 new bonds were issued to pay for the permanent road built on Washington, Winchester and West streets and are known as "highway construction bonds, loan of 1913."

The following bonds become due this year and must be paid:

July 1st, paving bonds, loan of 1910, $3000; July 1st, land and improvement bonds, loan of 1913, $3,000.00; Sept. 1st, highway construction bonds, loan of 1913, $5,000.00; Oct. 1st, water bonds, loan of 1891, $10,000.00, making a total of $21,000.00.

Gentlemen, you will see by the figures presented that the city at the commencement of the new year, Dec. 1, 1913, was not only without any money in the treasury for a working capital, but had an overdraft of $7,168.01, and in addition to that sum there was due Union School district $30,000, balance of 1913 appropriation, and state of New Hampshire $3,191.82, balance of state tax for 1913. Since Dec. 1st the state tax has been paid and $10,000 paid of the school appropriation.

Dec. 19, 1913, the city secured a loan of $15,000 to meet the over-draft and temporarily to provide funds for the ordinary expenses of the city, which loan will have to be materially increased in anticipation of the payment of taxes unless some other way is provided to furnish the necessary funds for the

first part of this year. This condition of the treasury has been brought about largely by the fact that previous to 1913 the city paid from its treasury substantially $38,000 to build its proportion of the state highway, thereby making it necessary for the city in 1913 to borrow upon short time notes $50,000 in anticipation of the payment of taxes, which notes were paid during the year.

In view of these facts I believe it to be our duty to practice the most careful economy in all our departments and to go without some things we would like to have. At the same time, we should not be unmindful of all the needs and conditions presented by our prosperous and growing city and should do all in our power to assist in its growth, health and general prosperity; and to this end I recommend that as soon as possible the city should provide some means of paying the present pressing indebtedness and provide a sufficient working capital for the ordinary expenses of the city.

The highway department is one of the most important, and calls for the largest expenditures; and the demands each year are largely on the increase, necessarily so by reason of the demands for better roads and more and better sidewalks. In the development of our city new streets must be built and sidewalks constructed, together with sewers, drains and lights, which add largely to the yearly expenditures, and each of the new improvements calls for large sums of money to be paid before any adequate returns from taxable property in these new localities are available, but I believe that in due time will more than justify the necessary construction and expense connected therewith. During the past year the city has rebuilt the north end of Washington street and the east end of Winchester street with a high grade of asphalt-bound macadam, at an expense of $13,420.14; also Federal and Lamson streets at a cost of $1,391.50. It has paved with Shawmut brick the east end of West street from the Square to St. James street, at a cost of $5,824.78. This street is one of the most important approaches to our city and has been the longest neglected, and

I recommend that this year some sort of a permanent road be built from St. James street west to Ashuelot street. Should this be done it will be necessary for you to provide some special way for the payment of the necessary expense of the same; also to determine the kind of material to be used in its construction. Brick, asphalt-bound macadam and Rocmac roads each have their good qualities, the latter, however, being something new in road construction in this section of the country; but because of the reported low cost for construction and maintenance and the favor which it is receiving from the public where it is in use, I recommend a thorough investigation regarding the claims made for this kind of construction before deciding upon any other.

There is at the present time before the city councils for consideration a petition signed by a goodly number of taxpayers asking for an extension of the 12-inch water main from the lower end of Marlboro street to Main street. During the past year the fire at Beaver mills has demonstrated the fact that the supply of water is not sufficient to successfully control a large fire in that locality. Several plans are suggested for bringing a larger amount of water to this manufacturing center of the city for protection against fire and I believe the subject should have your careful consideration. I even consider it to be a more pressing need than the purchase of an automobile fire truck, and if we can have but one this year, I believe it should be the water extension.

Gentlemen of the city councils, I will not prolong this address by attempting to take up the work of the different departments. You have their printed reports and I trust you may study them carefully and that during the year that is before us we may be able to act wisely and deal justly in all matters of business that may come before the city councils. I now ask you to proceed with the election of the necessary city officers.

CITY OF KEENE.

In the year of our Lord one thousand nine hundred and fourteen.

A JOINT RESOLUTION instructing the mayor and solicitor.

Whereas, It appears that a very considerable reduction in the working force at the Railroad Repair Shops situated in this city is soon to be effected, and

Whereas, Certain statutes of the State of New Hampshire apply directly to such conditions as are contemplated, and

Whereas, There is evidently some difference of opinion as to the application of such statutes, therefore.

Be it Resolved by the city councils of the city of Keene, as follows:

That the mayor and the city solicitor be and they hereby are authorized and instructed to take such steps as they may deem advisable, to obtain from the Public Service Commission of New Hampshire a hearing or ruling on such changes as have been proposed by the Boston & Maine Railroad and to report such facts, records and information as may be obtained regarding the situation.

Passed January 1, 1914.

A JOINT RESOLUTION relating to the use of Water street for sliding.

Resolved by the city councils of the city of Keene, as follows:

That sliding be and hereby is permitted on upper Water street from the knoll above Eastern avenue to the Beaver Brook Bridge, under the direction of the city marshal, from four o'clock in the afternoon until nine o'clock in the evening.

Passed January 1, 1914.

A JOINT RESOLUTION relating to the thanks of the city councils.

Resolved by the city councils of the city of Keene, as follows:

That we esteem it a privilege to make special mention of the untiring energy and personal supervision which His Honor Mayor Shedd has given to a large portion of the work accomplished by the city government during the present municipal year; and present our thanks for the able, kind and impartial manner in which he has presided over the sessions of this board; and hereby request concurrence of the common council in an expression of appreciation of his helpful and pleasant relations to all the members of the municipal government of 1913.

Passed January 1, 1914.

A JOINT RESOLUTION relating to regular meetings.

Resolved by the city councils of the city of Keene, as follows:

That the city councils meet on Thursday evening, January 22, next, and thereafter on the first and third Thursdays of each month, at 7.30 o'clock p. m., for general business.

Passed January 6, 1914.

A JOINT RESOLUTION relating to a temporary loan.

Resolved by the city councils of the city of Keene, as follows:

That the joint standing committee on finance be and it is hereby authorized to borrow, on the credit of the city, sums of money, in addition to the sums designated by resolution of the councils, dated Dec. 18, 1913, not exceeding in the aggregate the sum of fifteen thousand dollars, sufficient to cover any deficiency in the treasury that may occur during the present fiscal year by reason of paying the current expenses of the city government; and to execute all papers necessary to carry out the provisions of this bill; said loans to be considered temporary, and to be paid from taxes collected in 1914.

Passed January 6, 1914.

Passed January 22, 1914.

AN ORDINANCE relating to rooms licensed for dancing.

Be it ordained by the city councils of the city of Keene, as follows:

Section 1. No person, persons or association of persons, shall rent, let for hire or use any hall or rooms controlled by him or them for the purpose of dancing therein without first obtaining a license in writing from the mayor and board of aldermen, which shall specify the conditions under which the license is granted, provided, however, that this shall not apply to rooms in private dwellings. All halls and rooms thus rented, let or used for dancing purposes shall be under the control and supervision of the police commission, and the conditions imposed by said license shall be printed by the commission and posted in a conspicuous place in at least two places in the room or rooms in which the license is exercised. The fee for such license shall be $2.00 per annum for each hall or room used for dancing, and any license may be modified, revoked or annulled at the pleasure of the Mayor and Board of Aldermen.

Section 2. Any person, persons or association of persons violating any of the provisions of this act or regulations made by the mayor and board of aldermen shall be fined a sum not exceeding $10.00.

Section 3. This ordinance shall take effect February 9, 1914.

Passed February 5, 1914.

AN ORDINANCE relating to the city's water supply.

Resolved by the city councils of the city of Keene, as follows:

Section 1. No person shall bathe in, catch or take fish from any of the reservoir ponds or brooks connected with and forming part of the water supply of the city of Keene. Nor shall any person, without permission of the superintendent of water works, place or use a boat upon any of said reservoir

ponds or cross or go upon said reservoir ponds or brooks upon the ice with a team or teams or otherwise.

Section 2. Any person violating any of the provisions of this ordinance shall be punished by a fine not exceeding $20.00.

Section 3.—This ordinance shall take effect upon its passage.

Passed February 5, 1914.

A JOINT RESOLUTION relating to water extension, Sullivan street.

Resolved by the city councils of the city of Keene, as follows:

That the water main be extended, under the direction of the committee on water works, from the end of the pipe now laid, westerly in Sullivan street to number 71 in said street, at an estimated cost of $800.00.

Passed February 5, 1914.

Keene, N. H., February 17, 1914.

To the City Councils:

By the will of Maria A. Giffin, late of Keene, the city is mentioned as follows:

"Fourth. I give and bequeath to the city of Keene, to be used for the benefit of 'Elliot City Hospital,' the sum of one thousand ($1,000) dollars."

"Sixth. I give and bequeath to the city of Keene in trust, the sum of five hundred ($500) dollars, the interest to be used annually, in taking care of my burial lot in Woodland cemetery, where my husband, Allen Giffin, is buried, and any balance not necessary for the care of said lot, to be used for the general improvement of said cemetery."

When the city by resolution shall vote to accept said trust

funds the administrator will pay over to the person authorized to receipt for the same the said legacies.

ELGIN A. JONES,
Admr. de bonis non, with the will annexed.

A JOINT RESOLUTION relating to the Maria A. Giffin trust funds.

Resolved by the city councils of the city of Keene, as follows:

That the city of Keene, by its councils, hereby accepts the Maria A. Giffin fund of one thousand dollars, in trust, to be used for the benefit of Elliot City Hospital, and also hereby accepts the Maria A. Giffin Cemetery fund of five hundred dollars, the interest to be used annually in taking care of the lot in Woodland cemetery, where Allen Giffin is buried, and any balance not necessary for the care of said lot for general improvement of said cemetery; and the city clerk is hereby authorized to receipt for said funds, which shall be invested under the direction of the joint standing committee on finance.

Passed February 19, 1914.

Keene, N. H., February 17, 1914.

To the City Councils:

The will of the late Charles Giffin contains the following clause:

"Third, I give and bequeath to the city of Keene the sum of two hundred dollars ($200.00) to be held in trust, and the income thereof only used to keep in repair my burial lot in Woodlawn cemetery."

It appearing that the estate of said deceased will not be sufficient to comfortably support the beneficiaries, I respectfully request the city councils to refuse to accept said bequest

and to allow the sum specified to become a part of the estate independent of any claim of said city of Keene.

ELGIN A. JONES,
Administrator with will annexed.

A JOINT RESOLUTION relating to a bequest of Charles Giffin.

Resolved by the city councils of the city of Keene, as follows:

That the councils hereby decline to accept a certain bequest of Charles Giffin for a cemetery fund, and relinquish the same in favor of his widow and daughter, Hannah T. Giffin and Etta E. Dana, and the councils hereby relieve the said estate of Charles Giffin from the payment of said bequest to said city of Keene, through the administrator, Elgin A. Jones.

Passed February 19, 1914.

AN ORDINANCE relating to the election of Tax Collector and to the salary of the Board of Assessors.

Be it ordained by the city councils of the city of Keene, as follows:

That Chapter XV of the city ordinances be so far modified that the word "May" be stricken out in the second line of Section 1 of said chapter and the word "March" inserted in place thereof.

That Section 5 of the ordinance passed on January 18, 1912, providing for a board of assessors, be so far modified that the first paragraph thereof shall read as follows: "The chairman of said board shall receive a salary of $300 and each of the other members of said board the sum of $250 per annum in full payment for their services, or at that rate for such time as they shall hold office."

Passed February 19, 1914.

A JOINT RESOLUTION relating to fire escapes.

Resloved by the city councils of the city of Keene, as follosw:

That the joint standing committee on lands and buildings be and it is hereby authorized to place suitable fire escapes on the east and north sides of city hall building and that the sum of $500 be and hereby is appropriated from any money in the treasury, not otherwise appropriated, for that purpose.

Passed February 19, 1914.

A JOINT RESOLUTION relating to sale of the History of Keene.

Resolved by the city councils of the city of Keene, as follows:

That for the purpose of obtaining more room in the city hall vault one hundred copies of the history of Keene be offered for immediate sale at the price of one dollar per volume, and that when said number of copies has been disposed of the price at which the same shall be sold shall be fixed at $2.50 per volume.

Passed March 5, 1914.

AN ORDINANCE amending Chapter V of the City Ordinances.

Be it ordained by the city councils of the city of Keene, as follows:

That Section 7 of Chapter V of the city ordinances is hereby amended so as to read as follows:

Section 7. Money received on account of the water department and the sewer deperatment whether from the collection of water rates, or in payment for labor done by the water department and the sewer department or in payment for property or the use of property belonging to the water department

or the sewer department, shall be paid weekly or oftener into the city treasury, and shall be placed to the credit of the water and sewer departments; and shall be and constitute an appropriation for the payment of the ordinary expenses of the water and sewer departments, the interest and principal of water and sewer bonds or loans, the expense of new construction in the water or sewer departments and of additions to the water or sewer department plant, and any other expenses strictly on account of and for the purposes of the water and sewer departments. No part of such money shall be transferred into the general fund of the city, or used for any other purpose whatever than in this section is provided, except that when a special appropriation out of the general fund of the city shall have been made to meet a temporary deficiency in the appropriation herein provided for water and sewer department uses, the amount of such special appropriation shall be repaid to the general fund from the water and sewer department appropriation as soon as such appropriation shall be adequate to permit of such repayment, and provided also that when there is no outstanding water or sewer debt in the form of water or sewer bonds or loans, an amount not exceeding four per cent. per annum upon the original cost of the water or sewer works, including real estate held for the protection of the water supply, dams, reservoirs, water mains, water and sewer pipes and all pipes and all of the water works plant and sewer system of a permanent nature of whatever description, less, however, the cost of any new construction in that year, may be transferred annually by vote of the city councils from said appropriation into the general fund of the city. The original cost of the water works prior to January 1, 1910, shall be taken to be $307,-338.35 and the cost of the sewers. Whenever it shall become evident that the revenues from the water and sewer department are more than sufficient to meet all the expenses provided to be paid therefrom by the provisions of this section and to keep a reasonable fund in the appropriation for contingent expenses, it shall be the duty of the joint standing committee on

water works, sewers and drains to reduce the tariff of water rates, so that said revenues shall correspond as nearly as may be to the requirements of such appropriation, provided, however, that such tariff shall not be reduced below a point where the net revenues from the water and sewer department above the cost of maintenance, not including new construction, shall amount to four per cent. per annum, upon the original cost of the entire water works and sewer plant as defined in this section. Said committee, as there may be occasion therefor, may from time to time readjust said tariff. Any tariff of water rates at any time in force in said water department may, however, be altered or amended by resolution of the city councils.

Passed March 5, 1914.

AN ORDINANCE amending Chapter V of the city ordinances.

Be it ordained by the city councils of the city of Keene, as follows:

Amend Section 8 of Chapter V of the city ordinances so that said section as amended shall read as follows:

Section 8. The rent for use of water shall be payable semi-annually in advance, on the first days of June and December in each year, except meter rates, which shall be due monthly, or otherwise, as ordered by the city councils. All charges for specific supplies, or for fractional parts of a year, shall be payable in advance and before the water is let on. The board of mayor and aldermen shall during the years 1914 and 1915 cause all buildings connected with the water mains or services to be equipped with suitable meters for the measurement of water supplied to its inhabitants.

All buildings hereafter constructed shall at once be so equipped with meters. The size of the standard meter for a dwelling house shall be determined by the joint standing committee on water, sewer and drain department, provided, however, that any person requiring a larger meter than the stand-

ard size so adopted shall pay to the water department the difference in the cost thereof. In case any person shall be in arrears fifteen days after payment is due the superintendent shall without notice then immediately shut off the water from the premises occupied by such person until the assessment is paid in full with the additional charge of $1.00 to cover expenses.

Passed March 5, 1914.

AN ORDINANCE amending Chapter VIII of the City ordinances.

Be it ordained by the city councils of the city of Keene, as follows:

That Section 7 of Chapter VIII of the City Ordinances is hereby amended so that said section as amended will read as follows:

Section 7. No person shall hereafter erect or cause to be erected, move or cause to be moved, enlarge or cause to be enlarged, any wooden building, or set up or cause to be set up, or used, any steam engine in any building within the limits of the city, mentioned in Section 9 of this chapter without consent of the board of mayor and aldermen, to be first had and obtained after hearing of all parties in interest, duly notified by public notice posted at the door of the city hall building, at least fourteen days before the day of hearing, and by further notice given to or left at the last and usual place of abode of the owner or occupants of the land adjoining the premises, where license is asked under this chapter. Each person asking the consent of the mayor and aldermen shall file at least fourteen days before the hearing provided for above a plan and detailed specifications of the building proposed to be erected. No person shall in repairing or reshingling the roof of any building in the limits of said city described in Section 9 of this chapter use any material other than a fireproof material.

AN ORDINANCE enacting rules for driving and traffic regulations.

Be it ordained by the city councils of the city of Keene, as follows:

ARTICLE I.

VEHICLES IN MOTION.

Section 1. A vehicle, except when passing a vehicle ahead, shall keep to the right and as near the right curb as practicable.

Sect. 2. Vehicles moving slowly shall keep as close as is practicable to the right-hand curb, so as to allow faster moving vehicles free passage on the left.

Sect. 3. A vehicle meeting another shall pass on the right.

Sect. 4. A vehicle overtaking another vehicle shall, in passing, keep to the left of the overtaken vehicle, and shall not pull over to the right until entirely clear of it, and so far ahead of it as not to interfere with its progress.

Sect. 5. A vehicle turning to the right into another street

shall turn the corner as near the right-hand curb as is practicable.

Sect. 6. A vehicle turning to the left into another street shall pass to the right of and beyond the center of the street intersection before turning.

Sect. 7. No person having charge of a vehicle shall allow the same to come within ten feet of any vehicle in front of him when approaching and passing over a crossing where a pedestrian is about to pass.

ARTICLE II.

SIGNALS.

Section 1. Every driver of a vehicle shall, in slowing up or stopping, give a signal to those behind by raising a whip or hand vertically.

Sect. 2. In turning while in motion, or in starting to turn from a standstill, or in crossing from one side of the street to the other, a signal shall be given by the driver of the vehicle about to be turned by raising a whip or hand, indicating the direction in which the turn is to be made.

Sect. 3. Before backing, ample warning shall be given by voice or uplifted hand, and while backing unceasing vigilance must be exercised by the driver not to injure those behind.

Sect. 4. Drivers of motor vehicles of all kinds shall, in approaching a crossing or in rounding a corner or curve or a public street, sound their signals in such a way as to give warning to other vehicles and to pedestrians of their approach.

ARTICLE III.

Section 1. No vehicle shall stop in such a way as to obstruct any street or crossing for the purpose of taking on or setting down a passenger or for loading or unloading freight, or for any other purpose, except in case of accident, or when directed to do so by a police officer.

Sect. 2. No vehicle shall stop or stand within the intersection of any street, nor within ten feet of a street corner.

Sect. 3. No person having charge of a vehicle in a public street shall refuse or neglect to stop the same or place the same as directed by a police officer, any of these rules to the contrary notwithstanding.

Sect. 4. No person shall hitch any horse to any tree or shrub, or to any fire-alarm, police signal post or hydrant.

Sect. 5. Any police officer in uniform in his discretion may remove any horse or horses, vehicle or vehicles left upon any street not in the apparent charge of any driver or other person, or in violation of any of these regulations, to another place on such street, or from such street to some other street, or to the city yard, a public stable or garage, and leave the same.

ARTICLE IV.

RECEIVING AND DELIVERING PASSENGERS AND MERCHANDISE.

Section 1. No vehicle shall stand in any one place in any public street for more than ten (10) minutes at any one time, for the purpose of selling goods, wares or merchandise, for soliciting passengers, teaming or trucking. Vehicles may head or back up around the common in Central square, but shall not stand in front of Soldiers' monument or crosswalks nor in direct line with West or Roxbury streets.

ARTICLE V.

NOISE AND SMOKE NUISANCE.

Section 1. A signal is meant to warn, and it must have that power in every way, but no driver shall make a nuisance of it by sounding it unnecessarily. No driver shall use the muffler cut-out except in steep hill-climbing. Continuous smoke from motor vehicles is unnecessary and is hereby deemed a nuisance.

ARTICLE VI.

DEFINITIONS.

Section 1. The word "vehicle" includes equestrians, horses hitched to vehicles, led horses, motor vehicles of all kinds, and everything on runners and wheels, except street cars, baby carriages and invalid chairs.

Sect. 2. The word "horse" includes all domestic animals.

Sect. 3. The word "driver" includes the rider of a horse, bicycle or tricycle, the driver of a horse or horses and the operator of a motor vehicle.

Sect. 4. The word "curb" shall mean the lateral boundaries of that portion of a street designated for the use of vehicles, whether marked by curbstones or not so marked.

ARTICLE VII.

PENALTIES.

Section 1. Whoever violates any of the provisions of the foregoing rules and regulations shall be liable to a penalty of not less than one dollar nor more than ten dollars for each offence.

This ordinance shall take effect on publication in accordance with the provisions of Chapter 133 of the Session Laws of 1911.

RECAPITULATION.

Covered drains, 15 miles, 3026 feet.
Open drains, 2 miles, 4939 feet.

The unusual expenses of the Water Department were caused by the lowering of the 12-inch pipe across the Branch at South Keene, lowering service pipes that have frozen in past years, lowering hydrants and cutting brush at Echo and Sylvan lakes.

The sewers have received the usual attention, several manholes have been built and several streets have been dug up and relaid on account of roots.

One hundred and sixty-one catch-basins have been built to replace old cat-heads and grates. Several lines have been relaid on account of roots and broken pipe.

The pipe in many streets is laid very shallow, causing it to freeze in winter and to be broken by heavy teams passing over it.

It is impossible to lay the pipe at a proper depth in some streets.

I would respectfully recommend:

1. That the cement-lined pipe in Court street be relaid with cast iron pipe as far as the old cemetery.

For the past two months the main supply of water has been brought through this pipe maintaining only forty to forty-five pounds pressure.

2. That the dam at Echo lake be raised three feet.

The water ran over the spillway for about six weeks the past year.

3. That the brush be cut off on both banks of Roaring brook from the stone dam to the quarry dam.

4. That a suitable drain be laid from the end of pipe now laid in Church street to Beaver brook.

That Beaver brook be put in proper condition from Beaver street to the river.

Respectfully submitted,
PAUL F. BABBIDGE,
Superintendent.

REPORT OF CITY MESSENGER.

To His Honor the Mayor and the City Councils:

I have attempted to perform the duties of city messenger in accordance with the regulations, during the year ending Nov. 30, and desire to thank my associates, the standing committee on city hall and the committee on lands and buildings, for hearty cooperation in all things deemed necessary and best for the public welfare coming under the custody of the city hall building.

I have received for rents of the hall for the year, $1,365.30, and have deposited the same in the city treasury.

The general public does not seem to be ready, as yet, to urge upon the city government a moderate expenditure of money for the improvement of city hall stage and its furnishings. Such an improvement has been suggested by a few, who intimated that a local entertainment might be given for the refurnishing of needed scenery, but the public has not shown the same interest in the matter as has been evident in other things called for; and the new scenery and stage improvements will wait indefinitely for attention if such matters are not brought forward in the early months of the year, before all the money of the current year is pledged for other things. By constant solicitation the public gets good roads and other improvements, why not the ones mentioned above?

Respectfully,

ALBERT W. GREEN,

City Messenger.

Owing to the present state law in regard to the minimum strength required of highway bridges, the committee have had all bridges examined and a report of same made and placed on file at the city clerk's office.

The compliance of the law will require a great expense during the coming year for rebuilding bridges, which at present do not conform to it.

The building of South side road in Keene will probably be called for the coming season, and whereas there are many places where permanent work would be desirable, it is thought best to make no recommendation until the amount of work and expense of the above two items is determined.

Respectfully submitted,

ARTHUR A. WALLACE,

Superintendent of Highways.

REPORT OF PARK COMMISSIONER.

To His Honor the Mayor and the City Councils:

During the past year, in the city's park system, very little work has been done by way of construction.

The roads have been kept in fairly good repair, thereby contributing to the pleasure of the increasing number of citizens that visit these resorts.

In the near future, a larger and permanent gutter should be constructed in Robin Hood forest, on the west road, leading from Roxbury to Lincoln St.

Unusual care in the prevention of fire has been manifested during the season now closed; and this care becomes more and more necessary, particularly at Wheelock Park, when it is used for the purposes designed by the one who gave it.

JAMES S. TAFT,
Park Commissioner.

Keene, December 1, 1914.

REPORT OF BOARD OF HEALTH.

To the City Councils of the City of Keene:

The Board of Health submit the following as their annual report.

The report of the different diseases reported to this board have been as follows, viz.:

Diphtheria, 10; scarlet fever, 23; measles, 1; being 34 in all.

There has been one death from that number, a case of diphtheria. We consider the above a very small number of diseases of that kind, when we compare with some years in the past. Most of the cases were very mild, and the recovery as rapid as could be expected. In the months of March and April was when most of the scarlet fever cases made their appearance and it was thought by some persons that there was danger of it becoming general. The board thought under the circumstances that it was a wise thing to do, to close the schools, Sunday schools and other places where children were accustomed to meet, for a short time, and the children so far as possible to be kept isolated. In view of the foregoing circumstances that course was taken. As the result the disease died out, and since there have been but three cases reported. And they were widely separated. The high school was not closed, we thinking the principal places of danger were in the lower grades and among the smaller children. As far as we know, there is one case of contagious disease in the city today.

Sewer connections have been made in all cases by persons required by us to do so, and they have made such connections as promptly as their means would allow. This has been true except in one case where it became necessary to start proceedings for a criminal prosecution, and that person made the necessary connections.

In some cases traders have shown a disposition to disregard the law which requires certain food products to be covered and kept from flies and dirt, in such cases provided. There has been a neglect in enforcing the law as it should have been done in such cases and there has grown up the feeling in the minds of such traders that the requirement was of no consequence. We are glad to say that the city inspector, with our assistance and that of the State Board, has seen the law enforced and as far as we know fully complied with.

We wish to speak a good word for the week known as "clean up week." We think such services as rendered in such work is for the good of all. We hope it will be continued for years to come. It provides a way to dispose of a good deal of worthless rubbish that does and must accumulate in and around all premises, which should be disposed of. The way provided is an easy and cheap way to dispose of it, and there seems to be no good reason why any one should not avail themselves of the opportunity offered to clean up their premises and rid themselves of a lot of useless trash that should be considered as nothing less than a nuisance. That field of operations should be broadened if any change is to be made to include other fields of usefulness.

We have received $3.30 for tags sold, which amount has been paid to the city treasurer.

L. WELLINGTON,
R. W. HOLMES,
A. A. PRATTE,
Board of Health.

Keene, December 1, 1914.

To the City Councils of Keene:

Under the ordinance regulating the production, care and sale of milk, food and food substances, the Board of Health is required to make report to the city twice each year of the doings of the inspector appointed by the city.

The reports are to be made April and October 1. A semi-annual report was made April 1, last, since which time there has been no report of any kind received from the inspector in regard to any thing done by him relating to the city affairs; so that the last report must be taken as the report in full for the year; that is to say the business in his department for the year.

L. WELLINGTON,
Secretary for the Board of Health.

Keene, October 1, 1914.

REPORT OF FOOD INSPECTOR.

To His Honor the Mayor and Members of the City Council:

As requested by a notice from the city clerk, I hereby submit the following report as food inspector for the past year.

I have visited seventy-one different places where cows were kept whose milk was sold in Keene, and inspected 784 cows, turning in to the clerk of the board of health the condition of the cows, stables, milk-rooms, etc.

Most of the places were in good condition. Cows that looked suspicious of any disease, although not showing symptoms warranting them condemned, were removed from the herd by the owners on my recommendation.

Stores and restaurants have been inspected at different intervals, according to the condition the places were in the habit of being found, and in my opinion, are as a whole, in good condition.

On each visit of the State Inspector, he has found no fault, and has always said that conditions in Keene were excellent.

The outbreak of typhoid fever the past winter could in no way be traced to the milk supply of the city. At that time I made investigation of the farm help and handlers of milk, and there was no history of a case of typhoid fever among them for years past.

From the report sent in by the Board of Health, or one member of it at least, it would infer that I have neglected to report to the city government on my work the last six months of the year.

The city ordinances state that the Board of Health shall render a report at least twice a year, and another place says the inspector shall report from time to time to the Board of Health, but there is no place in the ordinance that says the inspector shall report to the city government, and for that reason I have not sent in a report.

I have reported on cards issued for the purpose the condition of the stables and cows, etc., and was told by the clerk of the Board of Health that was all that was required of me.

Respectfully yours,

F. R. McCUSHING,

V. M. D.

REPORT OF TRUSTEES OF KEENE PUBLIC LIBRARY.

To the Honorable Mayor and Board of Aldermen.

The trustees of the Keene Public Library submit the following report:

To be able to report growth and improvement in the work of the Public Library, in a year when almost every business has suffered from the trying conditions, largely brought about by the European war, is most gratifying.

Since the aim of the trustees and librarians is to make the library of as much benefit to the public as possible, the constant increase in circulation and in the use of the reference and reading rooms is very encouraging. Opening the library from ten in the morning until nine at night has been continued through the year, the expense being met from the income of the Julia B. Thayer fund, out of which the trustees have paid the salary of Miss McGregor, who occupies the position of second assistant to the librarian.

Two young women, very much interested in library work, have been at the library during the summer and fall, receiving valuable instruction from Miss Saxton, and are now prepared to assist at any time when an extra person is needed, as is often the case when one of the regular staff is ill or away on her vacation. Such a need arose this spring, when Miss Marian Cooper from the Greenfield library came for four weeks as a substitute for Miss Sherman.

The trustees sent Miss Saxton to the annual meeting of the State Library Association at Rochester, of which Miss Saxton is vice president, the expense being defrayed from the interest of the Thayer fund. Such meetings, where new ideas and experiences of others in library work are discussed, are of inestimable value to a librarian.

Miss Saxton has continued her active interest in the children, and the Vacation Reading Club was again a special work this summer.

A large number of children were entertained in Library Hall this fall, when certificates were presented to those who had been successful in the course. Miss Dinsmoor assisted Miss Saxton and entertained the children with stories. Other members of the board of trustees were present.

During the year the suggestion of a special collection of books to be loaned to the schools, made by the librarian at the last annual meeting, has been carried out and Miss Saxton has catalogued and put into circulation such a collection. Miss Saxton's conscientious work and her untiring efforts in extending the usefulness of the library are greatly appreciated by the trustees. She is ably assisted by Miss Sherman and Miss McGregor.

The library building has been painted and needed repairs made this year as authorized by the city councils.

Gifts of books have been received by the library, many of them valuable in reference work.

Further statisties and information will be found in the librarian's report hereby appended.

MARY A. A. PRENTISS,
Secretary.

Keene, December 5, 1914.

REPORT OF LIBRARIAN.

To the Board of Trustees of the Keene Public Library:

I have the honor to present the 39th annual report of the librarian for the year ending December first, nineteen hundred and fourteen.

It is gratifying to be able to report progress in practically all lines of the library's activities. The preceding year showed such an unusual increase in circulation that the present year's increase of over two thousand was hardly anticipated.

The reading and reference rooms have been largely patronized. The number of readers on Sunday afternoon, however, has increased only slightly. The hours of daily opening seem to be sufficient to accommodate the library patrons, while the librarians find that the work can be accomplished much more satisfactorily under the present arrangement. The morning circulation has had an almost steady growth from the start.

A children's vacation reading list was tried again this year and attracted a good many young readers, twenty-three of whom finished the required reading and were entertained at the close of the vacation, in Library hall, by games, music and stories, and were given certificates bearing the library stamp and a picture of the building.

Many valuable gifts of books, pamphlets and magazines have been received from generous friends during the year, chief

among which is the Catholic Encyclopedia, given by the local order of Knights of Columbus.

For two years, a collection of books to be loaned to schools has been advocated and during the last few months one hundred and five (105) volumes have been purchased, catalogued and put into circulation. This and the picture collection, which is still growing, seem to be greatly appreciated by the teachers, and as they increase will in time prove an important help in the work of the schools.

Further means of bringing books to the attention of the public, such as bulletins, printed notes or special lists are under consideration by the Book Committee. So it is hoped to improve in the coming year the quality of the service the library is giving.

It seems, to the librarian, advisable for the board of trustees to consider a few improvements in the building and for working equipment, which I will take the liberty of suggesting:

First, a new system of lighting for the reading rooms, especially the reference room. Lights directly over the tables while involving some initial expense, would prove more satisfactory and probably more economical. New lamps are also needed in the book-room. Next the question of a strip of rubber or some other material from the doors in front of the desk, to the book-room seems in some ways desirable, as the wax wears off so quickly from these sections of the floor.

During the cataloguing of the public documents, which was completed during the summer, the making of the catalogue for the school collection and the writing of letters to the teachers, the need of a typewriter was felt more than ever. Moreover, it could be used advantageously in many ways to help in the publicity or advertising work. The ventilating system in the book-room needs changing before the severe winter weather comes, when, judging from our previous experience, it will be impossible to keep the room warmed.

Following are the tabulated statistics for the year, December 1, 1913, to December 1, 1914:

REPORT OF SUPERINTENDENT OF CEMETERIES.

To His Honor the Mayor and Gentlemen of the City Councils:

The work of this department for the year just closed, has not differed materially from other recent years.

As many improvements have been undertaken as the funds of the department would permit, among the more important are the shingling of the east side of the tool house, the painting of about ten hundred feet of fence with two coats of paint, and the replacing of the old wooden foot bridge with a new one of reinforced concrete. This completes the reconstruction of all the bridges within the cemeteries and the cost of upkeep will be materially lessened.

There has been throughout the year an unusual demand for small burial lots, and I would recommend the laying out of a plot of such lots in the near future.

A somewhat larger number of lots than usual have been resurfaced, and a considerable number of new lots have been graded.

There are now 135 lots for which perpetual care is provided by trust funds, and 202 lots are receiving special annual care, at the request and expense of the owners or their representatives.

There have been sold the past year nine single grave lots, eleven small lots in the West cemetery, eleven lots in the N. E. Div. of Woodland, and one in Greenlawn.

There have been one hundred and seven interments and one removal, a considerably less number than usual.

My receipts for the year ending November 30, 1914, are as follows:

Dec. 1913. Sexton work, $5.00; labor, $21.75; loam, $17.75; fertilizer, $2.75; grass seed, $1.50; care of lots, $302.00,	$350 75
Jan. 1914. Sexton work, $54.00; labor, $2.00; loam, $1.25; fertilizer, $0.75; care of lots, $96.00; collected on lots sold, $198.00,	352 00
Feb. Sexton work, $49.00; labor, $6.00; loam, $8.75; fertilizer, $0.75; grass seed, $0.50; care of lots, $24.50; collected on lots sold, $50.00,	139 50
March. Sexton work, $60.00; care of lots, $13.00; collected on lots sold, $15.00,	88 00
April. Sexton work, $66.00; loam, $0.75; rent of lowering device, $1.50; care of lots, $18.00; collected on lots sold, $42.00,	128 25
May. Sexton work, $37.00; labor, $1.50; mowing lots, $1.50; care of lots, $63.00; collected on lots sold, $72.00,	175 00
June. Sexton work, $36.00; labor, $10.00; loam, $4.50; fertilizer, $0.75; grass seed, $0.50; care of the lots, $41.00; collected on lots sold, $48.00; rent of device, $1.50,	142 25
July. Sexton work, $37.50; care of lots, $15.00; collected on lots sold, $90.00; removing tree, $15.00,	157 50

Aug.	Sexton work, $19.00; labor, $15.00; loam, $13.75; grass seed, $1.00; fertilizer, $2.25; care of lots, $9.00; collected on lots sold, $95.00,	155 00
	grass seed, $1.00; fertilizer, $2.25; care of lots, $9.00; collected on lots sold, $95.00,	155 00
Sept.	Sexton work, $50.00; labor, $44.00; loam, $37.00; fertilizer, $5.00; grass seed, $4.00; care of lots, $8.00; collected on lots sold, $112.50,	260 50
Oct.	Sexton work, $34.00; labor, $25.75; loam, $24.75; fertilizer, $3.75; grass seed, $2.75; care of lots, $19.00; collected on lots sold, $255.00,	365 00
Nov.	Sexton work, $22.50; labor, $9.25; loam, $3.00; fertilizer, $0.75; grass seed, $0.50; grass for season, $5.00; foundation, $6.00; care of lots, $11.00; collected on lots sold, $107.50,	165 50
Total collections for the year,		$2,479 25

I have deposited this amount with the city treasurer and hold his receipts for the same.

Respectfully submitted,

WALTER E. MASON,

REPORT OF BOARD OF EXAMINERS OF PLUMBERS.

To the Honorable Board of Mayor and Aldermen for the City of Keene:

The board of examiners for the city respectfully submits its annual report for the year ending December 1, 1914.

During the past year one applicant has been examined and licensed as a journeyman plumber. There has also been one master plumber's license issued and three licenses renewed.

For these licenses and renewals the board has received $3.50, which sum has been paid to the city treasurer.

Dated at Keene, N. H., this first day of December, 1914.

DAVID W. MITCHELL,
CHARLES A. MADDEN,
DR. A. A. PRATT,
Board of Examiners.

REPORT OF CHIEF ENGINEER OF FIRE DEPARTMENT AND SUPERINTENDENT OF FIRE ALARM TELEGRAPH.

To His Honor the Mayor and Gentlemen of the City Councils:

I herewith submit my annual report for the fiscal year ending December 1, 1914.

You will note from the following tables of fires and losses that the department has responded to 14 bell alarms, 78 still alarms, 5 brush fire calls and 2 calls from out of town. This is a decrease of 2 bell alarms and 2 still alarms from the calls of 1913. The estimated value of the buildings damaged by fire was $147,700.00. The damage to said buildings was $13,765.81. The insurance paid was $11,252.59. The value of the contents of these buildings was $269,500.00. The damage to said contents was $20,247.19 and the insurance paid was $15,547.12. The actual loss on buildings and contents in excess of insurance was $7,213.29.

Improvements added to the department: The fire of May 29th damaged the second floor of the fire station to such extent that it necessitated the remodeling of the building, which, when the repairs are completed, will give more sleeping rooms, which are much needed by the department. There has also been a new fireproof building annexed to the fire station for the fire alarm system, thus eliminating all danger from fire that might occur in the main building.

Apparatus and Force: The apparatus and force of the

department, under a chief and three assistant engineers, located on Vernon street, is as follows: The Keene Steam Fire Engine and Hose Company, J. H. Simpson, captain, 25 men, has Steamer No. 1, Button Steamer No. 2, one combination chemical and hose wagon, one relief hose wagon; Washington Hook and Ladder Company, G. C. Simonds, captain, 20 men, has one service truck and one relief truck; Deluge Hose Company, E. H. Applin, captain, 20 men, has one combination chemical and hose wagon.

There are now 6,500 feet of fire hose, much of which is old and very unreliable, 300 feet of chemical hose, 1,500 feet of linen hose at South Keene, six 6-gallon and four 3-gallon extinguishers, one cellar pipe, one 3-way Eastman Deluge set, uniforms, rubber coats, hats and boots for the department, four sets swing harnesses, two extra Barry collars, three sleds and three sets Hobb's runners.

All hose unfit for fire service has been turned over to the water works department.

A recommendation made last year I would repeat: That the city purchase a triple combination automobile truck, a piece of apparatus which is especially needed for the protection of property situated outside the city limits; that the city purchase 2,000 feet of fire hose at once, none having been purchased the past year, and I consider the amount now available inadequate for use in case of serious fire. I trust the city councils will give this matter their immediate attention, that the fire department be allowed two pairs of horses to be kept at the fire station available at all times.

The fire alarm telegraph system in care of Mr. E. B. Riley, the fire alarm electrician, continues to give excellent satisfaction. I would recommend that all of the iron wire now in use, which is about five miles, be replaced by insulated copper wire, also that one new fire alarm box be installed on upper Elm street, and that all fire alarm boxes purchased in the future be of the non-interfering type.

There have been two new private boxes added to the system, No. 114, at the Keene Wooden Ware Company on Water street, and No. 152 at the Railroad Shops, Emerald street.

I would further report that harmony and good will prevail among officers and men of the several companies, and the members of the board of engineers with whom I am associated. I also wish to extend my appreciation of valuable aid rendered us by the superintendent of streets, superintendent of water works, and citizens during the past year, and to them and the city clerk and city councils I extend my thanks.

LOUIS A. NIMS,

Chief Engineer and Superintendent of Fire Alarm Telegraph.

Keene, December 7, 1914.

The following signals were adopted by the board of engineers, January, 1907, and are as follows:

1. The superintendent has the right to strike one blow upon the bells at any time, to test the circuit; also to ring in one round from any box, preceded by a single blow, exactly five minutes after the noon stroke, on Saturdays, for the purpose of testing the boxes.

2. In case of a serious fire the engineers may cause a second alarm to be sounded from the nearest box. A second alarm is given by striking ten blows, followed by the box number.

3. As Box 9, which is located on city hall, is still likely to be used for general alarm, and to be pulled for a fire which is not in or near the Square, the engineers will ring in a second alarm or four full rounds from this box, if there is fire of any magnitude near the square.

4. The old alarm on city hall will only be rung between 9 p. m. and 6 a. m., except in case of serious fire.

5. Arrangements have been made with the Beaver Mills Company and alarms of fire will be given on their whistle the same as by the bells.

REPORT OF CITY SOLICITOR.

To His Honor the Mayor and Gentlemen of the City Councils:

During the past year the city brought suit in the Superior Court against James H. Spencer for taxes due covering a period of several years, and received possession under its tax deed of the Spencer property so-called on Dunbar street, and is at the present time in possession of the same and collecting the rents to pay the amount due the city.

There are pending in the Superior Court for this county at the present time three petitions for abatement of taxes assessed by the city. The petition of the Boston & Maine Railroad for abatement of the taxes assessed against the stock in trade of the Railroad at the Railroad shops is continued to the next term of court pending the decision of the Supreme Court on a similar case brought by the Railroad against the city of Concord. The Concord case, when decided by the Supreme Court, will govern the Keene case, and in this manner the city has been saved some of the expenses of litigation. The city has paid $50.00 as its part of the expenses in the Concord suit. The petitions of Charles A. Jones and Pike & Whipple against the city for abatement of taxes are continued to the next term of court.

In the police court there have been the usual criminal matters to attend to.

By the law creating the District Court, the city has been deprived of the fees and fines which it has heretofore received. The District Court has also refused to pay the City Solicitor the customary fees for making out complaints and warrants

which would be turned back to the city, and thus make up the City Solicitor's salary. Something should be done by the city, either in the way of litigation or the enactment of legislation at the coming session of the legislature to require the District Court to pay these fees in order that the city may receive this money.

Respectfully submitted,
PHILIP H. FAULKNER,
City Solicitor.

Keene, December 10, 1914.
